

ecoBright® 8LX-LED DOWN LIGHT
Long-life high performance series

The new ecoBright® 8LX-LED down light delivers light output equivalent to 50W halogen lamps whilst consuming 80% less energy. The 9W LED generates minimal heat (compared to halogens) enabling it to be used in temperature-sensitive areas.

FEATURES

Lumen Output	
Warm White	675
Daylight	775
Equivalent Source (halogen globe)	50W
Power Consumption of LED	
Warm White	9W
Daylight	9W
Efficacy Lm/W	
Warm White	75
Daylight	98
Color Temperature	
Warm White	3,000K
Daylight	>5,000K
Color Rendering Index (CRI)	
Warm White	>80
Daylight	>75
Rated Life	50,000 Hours
Housing	Aluminium
Beam Spread	
Narrow	10°
Medium	30°
Wide	50°
Warranty Manufacturer's 5 Year Limited	

BENEFITS

- * Consumes up to 80% less energy than conventional 50W halogen lamps for a significant reduction in operating costs
- * Lasts up to 50 times longer than conventional halogen lamps
- * Generates less heat, reducing HVAC and maintenance costs
- * Dimmable
- * No Ultra Violet or Infra Red emissions
- * Fully recyclable
